

## Non Hazard 50Mu PVA Biodegradable Cold Hot Water Soluble Bags

Our Product Introduction

for more products please visit us on [pvawatersolublebag.com](http://pvawatersolublebag.com)

### Basic Information

- Place of Origin: China
- Brand Name: Ciyu
- Certification: FDA,SGS, TDS
- Model Number: Ciyu60001
- Minimum Order Quantity: 5000pcs
- Price: USD0.2-USD0.38/pcs
- Packaging Details: Carton+Pallet
- Delivery Time: 10-15days
- Payment Terms: L/C, T/T
- Supply Ability: 8000pcs/day

### Product Specification

- Feature: Biodegradable, Water Soluble
- High Light: Polyvinyl Alcohol Plastic Bags, Water Soluble Biodegradable Bag
- Usage: Agriculture
- Highlight: **50MuCold Water Soluble Bags,**  
**PVA Hot Water Soluble Bags,**  
**50Mu Water Soluble Bags**

## Product Description

### PVA Completely Biodegradable Cold / Hot Water Soluble Bag

Non - Hazard PVA Water Soluble Bag , Biodegradable Cold / Hot Water Soluble Bags

Product Size	can be customized	Thickness	25Mu-50Mu
Dissolve Time	10" start to dissolve, 2'fully dissolved under 20±5°C	Packing	10pcs/25pcs/50pcs/100pcs in a PE/OPP bag
Approval	ISO9001	Application	agriculture

1. Good water-solubility at normal temperature(20±5°C) , no residue like feathering or glue left.
2. Better carrying capacity than usual PE bag.
3. Eco-friendly, no hazardousness, no pollution and no formaldehyde in the bag, and it will be finally degraded into CO2 and H2O.
4. Avoid the use of regular plastic bags (non-water-soluble packaging) which generate large amount of chemical residues.
5. Keep human from direct contact with packed material.
6. Reduce the chemical pollution caused by pesticide / chemical/detergent residues left in the regular plastic bags and avoid contamination to soil and water.
7. The fixed weight of bags increases the dosage accuracy and avoids the wastage in packaging.
8. Keep the seeds from being flown away in strong wind region or eaten by animals.
9. Using PVA bag for fishing could avoid the interference by the fishes in shallow-water area and the bag will dissolve in deepwater area.
10. Bag size and shape can be customized.

### Our Service

1. Our experienced R&D department can design and produce bags at buyers requests with competitive prices.
2. Our professional Quality Supervision department can ensure good quality and steady shipment for long cooperation.
3. 24hours services before and after sales, make you know clear about the production situation of your order and your container route after shipment.
4. Marketing inspection and workable suggestions according to different marketing area.
5. Flexible payment terms for old customers.

### FAQ

**1. Q: How many bags should I order if I want custom printed bags ?**
