Product Description

OEM Water Soluble Film PVA Cold Film For Laundry Detergent Capsules Laundry Soap Pods

Product Overview

PVA water-soluble film is a functional and eco-friendly packaging material made from polyvinyl alcohol. It is widely used for automatic single-dose packaging of laundry pods, dishwashing capsules, and similar applications. The film completely dissolves in water, is biodegradable, and offers high compatibility with roll-film packaging machines, making it ideal for B2B manufacturers.

Key Features

- Fast-dissolving, leaves no residue
- Fully biodegradable and non-toxic
- Compatible with mainstream packaging machines
- Strong sealing, puncture resistant
- Resistant to oils, solvents, and detergent penetration

**Typical Applications**

Laundry detergent pods

Dishwasher tablets

Industrial and household cleaning products

Agricultural and water-treatment chemical dosing bags

► Testing Equipments

Why Partner with Us

Years of expertise in PVA film manufacturing

Monthly capacity over 50 tons
